Dad's Only Meeting

Flying Angels

Connolly's 7:00pm

The big braves met at their favorite watering hole (again) to make plans for the Flying Angels' fall camping trip. Many braves were in other lands or busy chasing game or otherwise meeting their clans' obligations, so only Black Hawk, Barking Dog, Gray Wolf and Soaring Eagle were able to pow-wow.

The agenda items to cover were:

- Organize the fall camping trip
- Discuss the tribal calendar
- Review other possible events
- Discuss any ideas on tribal property

The date for the camping trip was changed to Saturday October 2<sup>nd</sup> and the location will be at Umstead State Park. Thanks to Gray Fox for securing a large cabin with plenty of room for all of the braves and princesses. Many things were discussed about the camping trip including food and activities. Our Chief, Black Hawk, will build the list of all of the braves' duties and discuss out our upcoming tribe meeting. Of course Soaring Eagle will be our fire starter!

We discussed the tribal meeting calendar, and no-one had any objection to the current meeting dates. Next we discussed where to hold the meetings, but since there were so few of the braves at our meeting we decided to set the location of upcoming meetings at Black Hawk tee-pee when we meet next week.

Next, we discussed more possible events to add to our schedule and added the following to our calendar:

- 10/24/04 – A Halloween corn maze at Ken Produce and Garden Center in Garner. It called "The Widow Maker" so we are sure to have a frightful time. 3175 Benson Hwy, Garner \$6 Braves \$4 Princesses.
- 10/30/04 – Walk for Diabetes at the Nortel campus in RTP. This is a good charitable event but since many clans will not be able to be there it was decided that this would be an optional event. Black Hawk has more information for any interested braves.
- 12/5/04 – Game Night with the Wolfpack 5pm playing the Manhattan Jaspers. We will all have to decide if we want to attend this game.

Soaring Eagle reported that he had learned some more about how to make a tribal totem pole and the kind of tree that we need to use. The braves discussed which hunting ground might be a good place to find the tree that we'll need and all offered to help scout for the perfect timber.

The braves also discussed other ideas for a tribal banner and it was decided that we need more of the group to help come up with ideas and organize the project.

Lastly we talk about the upcoming tribal meeting at Black Hawk's tee-pee. We all agreed that this will be a fun reunion for the princesses and thanked Black Hawk for his hospitality. Gray Wolf offered to lead the tribe in song and Black Hawk promised an interesting craft.

So went the late summer dad's only meeting of the Flying Angels as reported by Barking Dog.
